RE: APPLICATION FOR THE POSITION OF ICT OFFICER II
(COMPUTER SYSTEM ANALYSIS AND DEVELOPMENT)

The subject above is concerned.

Please accept my application for ICT OFFICER (COMPUTER SYSTEM ANALYSIS AND DEVELOPMENT). As my experience aligns well with the qualifications you are seeking.

As regards to the requirements of the post, I am a holder of Bachelor of Science in Computer Science Software Engineering from Ruaha Catholic University (RUCU). I am responsible for full stack software development of next-generation software with agile approach, from initial requirement gathering to analysis, user interface design, coding, testing, documentation, maintenance and training user, computing analysis processes, network administration and management, database and information management, information systems, artificial intelligence, system analysis and design, graphics and illustration design and problem solving. I have ability coding with C/C++ with Apache framework, Java with Hibernate, PHP with its framework, Python, JavaScript, HTML and CSS.

I gained hands-on experience coding under the direction of a team, collaborating on software projects, and testing systems and applications. One of my responsibilities was developing creative solutions across a variety of software platforms. I believe that I will make a significant contribution to TRA as ICT Officer. Please, refer to my Curriculum Vitae (CV) attached herewith showing my experience and other expertise I possess. You can also refer to my referees for extra information through their addresses shown in the CV.

I am looking ahead to hearing from you.

Sincerely,

Michael Gustaph Mkekanule
